

WHY CHOOSE EASTBROOK?

The following information is designed to help parents choose the right secondary school for their child.

We have included the things that our parents tell us are most important to them in making a decision, but if there is something you would like to know that isn't included, please don't hesitate to get in touch with us.

See our website for further details www.eastbrookschoo.org

Dagenham Road RM10 7UR. Parking available.

Principled Resilient Open Understanding Disciplined

Students feel happy and safe – during a recent inspection, our parents survey showed that more than 95% felt their child was happy and safe at school. This is consistently the thing parents most concern themselves with.

Clear anti bullying processes – bullying is very rare at Eastbrook but if it does arise it is dealt with swiftly, effectively and sensitively through our zero tolerance approach.

Our students are 'known' – parents report the anxiety that they and their children feel entering a 'big' school. We minimise this by having manageable numbers in each year group and emphasising the importance of each individual student. Students don't get 'lost' in the system at Eastbrook

Outstanding student behaviour – our behaviour systems are simple, fair and understood by all. As a result, our students behave extremely well in and around school.

Relationship with parents – we work in close partnership with all our parents and as a result our parent satisfaction rates are extremely high with 90% saying that they would recommend us to other parents.

State of the art buildings and facilities – Eastbrook was rebuilt in 2016 and now has amazing, extensive facilities that ensure that there are no barriers to each child's success.

A unique 'Character and Academics' curriculum – we explicitly teach the development of good character alongside and within the academic curriculum. This is enabling our students to become rounded, confident young people who are fully prepared for their next step, whatever that might be

Excellent teachers – our teachers are extremely dedicated and fully committed to the success of all of our student. They are determined to ensure that no child is left behind

A focus on enrichment – we ensure that all our students have access to a broad range of opportunities outside the school day because we know how valuable they are in making education an enjoyable and memorable experience

Academic excellence – our exam results have improved year on year recently and we are confident that given the dedication of our teachers, the determination of our students and our outstanding climate for learning, this pattern will continue in the near future.
