

Eastbrook School

12th June 2023

Dear Parent/Carer,

The forecast for the week suggests that we could be in for some warm weather this week. Please see the message below that applies for the remainder of this week.

We are committed to keeping everyone safe and healthy in the circumstances so would appreciate our parents supporting the message below which has been delivered to students today:

- All students should ensure they remain hydrated by bringing water to school and drinking regularly
- They may also bring sun cream if they wish
- They may also bring a hat but this can only be worn outside – no hats in the building!
- Although physical activity at breaks remains in place, I would ask students to be sensible and not over exert themselves
- Blazers are optional – students do not have to bring them to school if they choose not to. **However, they may not wear jumpers, hoodies etc instead of a blazer.** So It is either a blazer or shirt and tie with everything tucked in appropriately – and ensuring that they bring all equipment that might otherwise be in their blazer.

Once again, note that these arrangements are only for the remainder of this week at this stage. We will review them if the hot weather continues.

Finally, the spirit of these arrangements is to keep everyone safe. The school still functions and any student found playing around with water, water bottles, sun cream etc and thereby disrupting the good order of the school will be dealt with through appropriate sanctions.

Yours faithfully

Mr English
Assistant Headteacher
